### **Application details**

Thematic Focus:

Institution/Affiliation:

Country of implementation:

Project Title:

Organization/Team Name:

Team Leader:

Telephone Number:

Team Leader email:

Alternate email:

Full Physical Address:

### **Technical Application**

#### **Needs / Problem Statement: (Max. 200 words)**

What is the problem/pain you are trying to solve, including the underlying causes of this problem? What is the magnitude of the problem? Include any relevant statistics/facts on the problem and the community of interest/affected.

#### **Proposed Solution: (Max. 200 words)**

Clearly describe the features of the solution (technology or model or approach) and how it works. How unique is the proposed solution from other existing solutions if any?

#### **Anticipated Impact: (Max. 200 words)**

By implementing the proposed solution, what impact do you anticipate to bring to the communities? Is there evidence that the solution has had impact or has the potential to create impact?

### **Attachments**

- Attach a photo or document describing your Innovation
- Any other attachment [*If you have something else to attach that describes your innovation or improves your application, upload it here*]
